

## Professional Regulation Committee Update Memo:

The Professional Regulation Committee has been working hard on the draft of the application to present to Newfoundland Labrador Government in the coming months to pursue Professional Licensure. This memo is intended to update NLTRA membership on the progress of the committee tasks and new developments.

Regulation Committee has:

- Ongoing research analysis and creditable resources support decision making and alignment of the application.
- Communication with Anne Richard, Executive Director, NCTRC, Joint Force Task Licensure Meeting.
- Communication with Newfoundland and Labrador Council of Health Professionals (NLCHP); Rolanda Lavalley, Duty Registrar and Alice Kennedy, Registrar CEO.
- All content has been placed into the application draft, we continue to revise and edit the document to ensure the document meets, evidence-based practice, standards of practice, environmental scans, and risk management
- Fees identified in the application are aligned with other regulated Health Professionals.
- A meeting with Scott Linstead; Regulatory Development Consult, Department of Health and Community Services, next month.

We would like to thank our membership for voting on Legislation to support Recreation Therapist within our province of Newfoundland and Labrador.

Kind Wishes,

*NLTRA Professional Regulation Committee*
